<td>The Business Program has a liberal arts and interdisciplinary focus. It is built on the three Cs: critical thinking, cooperation (working with others), and communication (oral and written English). Students learn the fundamental principles of accounting, economics, finance, information systems, management, and marketing as applied in a variety of organizational settings. A distinguishing aspect of the Business Program is the requirement to take courses developed in conjunction with disciplines outside the traditional business curriculum. Examples include courses with Chemistry, Economics, English, Fine Arts, and History. In addition, a Capstone Course will provide students with the opportunity to integrate their knowledge through a Global Strategy Simulation exercise.</td>

IN ORDER TO PROVIDE AN INTEGRATIVE AND CROSS DISCIPLINARY EXPERIENCE IN A RELEVANT BUSINESS AREA, STUDENTS ARE REQUIRED TO SELECT ONE OF TWO EMPHASES: GLOBAL BUSINESS OR ENTREPRENEURSHIP. BOTH EMPHASIS DRAW ON UPPER-DIVISION COURSES FROM ACCOUNTING, ECONOMICS, MANAGEMENT, AND MARKETING TO OFFER AN IN-DEPTH PERSPECTIVE INTO TWO CRITICAL AREAS OF BUSINESS TODAY. WE ANTICIPATE ENHANCING THE CURRICULUM WITH ADDITIONAL CHOICES AS THE PROGRAM GROWS.</td>

SUMMARY OF CHANGES

Require the students to select from one of two emphases: Entrepreneurship or Global Business.

JUSTIFICATION

The purpose is to further the Mission of the University in support of interdisciplinarity. While students will have at least one course in each of the major disciplines related to business and economics, requiring an Emphasis will provide them with opportunities for more in depth knowledge in several related areas. The recommended courses build on the current faculty’s strengths and offer students examples and applications of theoretical principles from their basic courses.
