3. Justification and Learning Objectives for the Course. (Indicate whether required or elective, and whether it meets University Writing, and/or Language requirements) [Use as much space as necessary]

This course explores the general history of East Asia including China, Korea, and Japan. It is designed to be an integral part of the world/Pacific Rim component of the History Program, especially suitable for those students who need knowledge in this area and yet are pressed by time to take HIST 391, 392, 393, 394, or 395.

Learning objectives:
Student who successfully complete this course will able to

--describe the evolution of the three East Asian societies from ancient times to the present.
--write analyses of the social, political, and economic dynamics that changed East Asia.
--develop explanations of the principal forces that contributed to the continuity and transformation of East Asia.
