Units: This course requires flexibility in the number of units to be taken by our part-time students. Part-time students need to take six units or less for tuition breaks. Having this course as a one unit course allows the part-time student to take one three unit class, one two unit class, and one unit of field placement for a six unit semester load.

Corequisites: EDSS 54— (Content Methods II) more explicitly states the co-requisite so part-time students would be required to have a high school field placement taken with the course. EDSS 540 as a co-requisite provides flexibility for the part-time students to have a high school placement with the course if needed. A field placement is necessary to complete course assignments.

Catalog Description: Needs to be updated to reflect changes. See above.

Other: Repeatability needs to be added for the part-time students who take the high school related courses over a period of two to three semesters.
