The Committee will recommend to the Dean:
 - The Advisor for the Major should have the authority to determine the appropriateness of the substitution/exception to the requirement.
 - The Advisor should follow the GE C-3b guidelines:
 - Address issues, "ways of knowing" and perspectives from at least two cultures, where a culture is broadly defined to include aspects of ethnicity, class, gender, ability/disability and community.
 - Involve students with other cultures in an in-depth way, not simply observing a culture from the outside, as in a survey of other cultures.

During the summer, the Curriculum Committee will meet if necessary or will correspond via e-mail.
