2. **Course and Program Reviews**

The following were reviewed and approved with minor changes:

- PHYS 305 Thermal and Statistical Physics New
- PHYS 301 Classical Mechanics New
- PHYS 401 Quantum Mechanics New
- PHYS 406 Solid State Physics (Previously deferred, review w long form) New

The following were reviewed and approved with conditions:

None

The following were reviewed and revisions were requested:

None

The following courses were deferred or denied:

None

3. Pending Issues

A. Language and Multicultural Requirements – after some discussion, Bill Cordeiro agreed to review the language in the catalog and consult with Paul Rivera and report back to the committee on this subject.

B. Effective dates on Courses and Programs. It was determined that Kathy would modify the forms to identify effective semesters on each of the course or program modification forms.

C. Renumbering Courses. It was determined that when a course is renumbered, that the description of the former course number be referenced in the new course description information for clarity. After five or more years of reference, these references will be removed from the descriptions.

D. The committee deadlines will be circulated by Kathy during the following week.

E. Term of Service to Three Years – After some discussion, Virgil Adams agreed to continue his research by getting faculty feedback on the extension of the term of service on the Curriculum Committee. He will report back to the committee.

4. **Next Meeting:** September 20, 2006 Sage Conference Room, 2nd Floor. Starts at 9:30am
