The Committee reviewed the notes from the last meeting between Janet and Jeanne Andrea and Blake G. here they went through the current Curriculog submitted proposals.

**Discuss the Math Executive order**

There are 2 Math competing groups in CI. They did not think of including the CC or STEM programs Physics made changes in the past and there was no communication with the STEM programs.

Jeanne G: There should be larger discussions on the Math new EO1110.

Monica Rivas: The subcommittee created by the provost is trying to gather information on the new EO1110 to ask for feedback

there is a bigger problem because at the end of the day who has the power to actually do something about it

**Curriculum Committee Fall 2017 Priorities**

The main thing is the big projects that was sent already to the CC Curriculog

Blake G went over the programs that submitted modifications in Curriculog

Calling the CC to tag along with the GE efforts to recategorize the GE to comply with EO1100 to go in the meeting that the GE committee is having with the Program that submitted mods

Monica is going to review the library Liberal study list of library resources. She is asking if we go what would we do?

Blake and Janet explained what they do.

Prioritize the list created by Blake in the 10-11-17 meeting.

Show the new member of the CC how the process goes

Work more closely with Janet and Blake.

Ask Scott to help with the CC prioritization.

Worse case scenario each voting member in the CC will have 4 programs and GE courses to review.

### **3 main projects for CC**

- Curriculum reorg: is assigned to Jeanne G. and Blake G.
- Curriculum is not catching EU programs: Jeanne G. and John Lu
- GVAR, Graduation Requirements, Language requirements: Monica Pereira and Jasmine Delgado

Monica P. asks “give me a process on how to look at the projects above.”

Blake G. suggested she start with the policies, review the minutes.

Jeanne G. “We have a GVAR committee”

Language requirements was talked about but no decision was made

Blake G. The Curriculum Reorg: it is not just the school level committee.

Blake showed the workflow of the CC process (how a new program goes thru the process)

The CC needs Bylaws change and senate resolution on the path way

The committee decided to meet in 2 weeks from today (nov 1<sup>st</sup> ) to give feedback on the projects above.

Put EDPL 631 and 632 on the Agenda for Nov 1<sup>st</sup> and scott to talk (help) about the CC priorities
