

CSU Channel Islands  
**Curriculum Committee Meeting**  
November 29, 2017 – BTW 2185  
8:45am – 10:00am

Absent: Matthew Mendez and John Lu

**APPROVAL OF AGENDA**

- **Agenda: 11/29/17 APPROVED**
- **Minutes: 11/15/17 APPROVED**
- **PSY request from Virgil to add a note on the PSY minor and the minor in Development in the current catalog: “Only for non-psychology majors”:  
APPROVED**

Assign the GE courses that the GE C might have an issue with and the other GE courses just to go to consent item for the next CC meeting

No updated on **E01110** from Blake

Brainstorm on EO 1110

Either Ivona or Cindy’s suggestion will need new courses thru CC. what process will it have to implement the courses so students can enroll for Fall 2018?

There is nothing set yet.

Jeanne: there is a reluctance to commit to a process, so can we pilot it?  
We did not have a campus wide discussion.

Blake G.: What do we think about what it is going on? (the informal proposal has been submitted by Cindy) What do you want to do with it?

Either proposal will require us to approve new courses.

Jeanne: we should not rubber stamp anything that comes our way.

CC reviewed Ivona’s proposal

CC Maybe pilot a different early start.

Robust discussion about Ivona’s proposal including all of the logistics.

Jeanne suggests renaming the groups as Early Start ES and so on instead of group A, B and C.

Math 96 is early start  
Math 97 is the Stats path  
Math 98 is the STEM

What does this committee want to do as far as what is being discussed? The CC needs to make a campus wide discussion to happen.

We need to have some mechanism to evaluate our choice, once it is made.

Went over ASA 2017-27 Implementation Guidance for EO 1110
