MINUTES

Going over the Priority spreadsheet.

Jeanne sent the Provost and EU and email asking about funding for the new programs that will be proposed this year to the CC. She is waiting for a reponse.

Concerns and how to prioritize the list

Early start Math courses for SU19 Blake G. Asked to wait a week for the campus wide implementation team meeting.

MBA courses and program mod moved to A as a priority since it is exiting program review and it has an MOU on File

Talk to the faculty from BUS and ask what the CC is looking for as changes.

Assign color to tasks

Green is a GO

Orange is waiting

Jeanne suggested that a Program Mod should be reviewed by whole committee as one body

Jeanne and Blake went to Senate to get information about the Curriculum Action Team (CAT).

These are the projects the CC is to work on after the CAT was reviewed.

Curriculum barriers are there any and what are they?

Are there structural barriers in the curriculum? Example: how the schedule is organized

Timeline: to have a report by last Senate Meeting.

They want data not just what we think. Examples: Failure rate, Programs with a lot of units in their major, hidden prerequisites.
