

Program Modification

Program modifications must be submitted by October 15, 2011, and finalized by the end of the fall semester for catalog production.
Enter data in **YELLOWED** areas.

Date (Change date if modified and update the file name with the new date): 2012 2013 Catalog Copy Rev 11.3.11

Program Area: NRS

Semester /Year First affected: Fall 2012

Instructions: Please use this Program Modification form for changes to existing program requirements, units, outcomes, emphases or options, or for other programmatic concerns. For minor changes (faculty or address changes, additions of approved electives, minor editing for clarity, and other minor updates) use the Program Update form, available at the Curriculum website.

Paste the latest approved version of your entire program in the left AND right boxes below. Make your deletions in the LEFT column by using the strikethrough feature in Word or underlining, **and highlight**. Insert new language or other changes to the program on the RIGHT and highlight in **YELLOW** for easy identification. If possible, please align the two columns so that changes appear side-by-side with the original text.

CURRENTLY APPROVED PROGRAM

NURSING

Programs Offered

- Bachelor of Science in Nursing
Track I, Generic (Basic)
Track II, RN to BSN

(The Bachelor of Science in Nursing program is accredited by the California Board of Registered Nursing and Commission on Collegiate Nursing Education, One Dupont Circle NW Suite 539, Washington, DC 20036).

Nursing is the art and science of care for individuals, families and communities in a variety of settings. The discipline of nursing integrates the life, social and behavioral sciences with general education, nursing theory and clinical courses to produce a graduate capable of functioning autonomously as a member of a multidisciplinary team, managing and coordinating personnel, services, resources and data in

PROPOSED PROGRAM

NURSING

Programs Offered

- Bachelor of Science in Nursing
Track I, Generic (Basic)
Track II, RN to BSN

(The Bachelor of Science in Nursing program is accredited by the California Board of Registered Nursing and Commission on Collegiate Nursing Education, One Dupont Circle NW Suite 539, Washington, DC 20036).

Nursing is the art and science of care for individuals, families and communities in a variety of settings. The discipline of nursing integrates the life, social and behavioral sciences with general education, nursing theory and clinical courses to produce a graduate capable of functioning autonomously as a member of a multidisciplinary team, managing and coordinating personnel, services, resources and data in

addition to providing patient care.

The CI graduate nurse seeks solutions to societal health needs and problems, understanding demographics and disparities in healthcare, ethical concerns and global perspectives in the practice of professional nursing at the generalist level.

Careers

The BSN prepares graduates for acute care, specialty units, public health, home health, extended care, assisted living, ambulatory, emergency, managed care, case management, occupational health and nursing management, staff development, and nursing education.

Program Learning Outcomes

Students completing the requirements for a B.S. degree in Nursing will be able to:

- Function within the professional nursing roles as a provider and a coordinator of care, a health educator, an advocate and as a member of the nursing profession in a variety of institutional settings;
- Collaborate as a member or as a leader of a health care team in the planning, implementation and improvement of health care services consistent with the health needs of a diverse and multicultural society;
- Follow the nursing process by assisting clients, families and communities to promote an optimum level of wellness, sustain life, recover from disease or injury in acute, long term care, institutional and community settings;
- Function as a successful professional by a commitment to self-growth, development and lifelong learning;
- For generic students meet the eligibility requirements to successfully pass the nursing licensure examination (NCLEX); and
For generic and RN to BSN students meet the eligibility requirements for the California Public Health Nurse Certificate.

Bachelor of Science In Nursing (133 units) Track I, Generic (Basic)

Prerequisites	28
Lower Division Major	36
Upper Division Major	33
Required Supporting and Other GE	
Requirements ..	30
American Institutions	6
TOTAL	133 units

The generic Track I of the nursing program uses the cohort model of class scheduling and requires full time enrollment. Students move as a group through the designated nursing courses in sequence. Courses are designed so that 200 level courses are prerequisite to 300 level nursing courses and so on. The time to complete the baccalaureate degree in nursing is designed for four years of full time study (one year pre nursing + three years nursing, after admission to the program).

Requirements for Admission

Application. Application for the program is a two step process. For incoming freshman apply to the University as a pre-nursing major during the application period (November) the year before intended enrollment. Upon completion of the prerequisite courses (or while the courses are still in progress for the spring semester) apply to the nursing program in February. For transfer students apply to the University during the application period (November) and the nursing program the following February the semester before you wish to be considered for admissions (all prerequisite courses must be either completed or in progress with a C or better).

Prerequisite Courses. Specific Courses are listed in the major below.

Required Supporting and Other GE	
Requirements ..	30
American Institutions	6
TOTAL	133 units

The generic Track I of the nursing program uses the cohort model of class scheduling and requires full time enrollment. Students move as a group through the designated nursing courses in sequence. Courses are designed so that 200 level courses are prerequisite to 300 level nursing courses and so on. The time to complete the baccalaureate degree in nursing is designed for four years of full time study (one year pre nursing + three years nursing, after admission to the program).

Requirements for Admission

Application. Application for the program is a two step process. For incoming freshman apply to the University as a pre-nursing major during the application period (November) the year before intended enrollment. Upon completion of the prerequisite courses (or while the courses are still in progress for the spring semester) apply to the nursing program in February. For transfer students apply to the University during the application period (November) and the nursing program the following February the semester before you wish to be considered for admissions (all prerequisite courses must be either completed or in progress with a C or better).

Prerequisite Courses. Specific Courses are listed in the major below.

Grade Point Average. An overall GPA of 2.0 or greater in the prerequisite nursing courses with no grade lower than a C.

Eligibility. Pre-nursing majors must be accepted to the nursing major to be eligible for the lower division nursing courses.

Insurance/Health Clearance. Students in the nursing program are required to have health insurance, demonstrate a sufficient immunization record consistent with that required of clinical placement in local health care agencies and pass a physical examination.

Students must complete a criminal background check and drug screening prior to clinical placement.

Impaction Status. This status was granted by the CSU Chancellor's Office and supplemental criteria for admission will be required.

Supplemental Criteria Include. GPA in pre-nursing core course requirements, overall cumulative GPA, English language proficiency, basic math proficiency, proficiency in a second language, previous education or work experience residency in preferred geographic areas and current CI student. High school participation in regional health science or bioscience academy or nursing pipeline program. Supplemental criteria is subject to revision.

Prerequisite Courses – 28 units

Completion of all nursing major prerequisite courses or their equivalents

BIOL	210	Human Anatomy and Physiology I4
BIOL	211	Human Anatomy and Physiology II4
BIOL	217	Medical Microbiology, GE B24
CHEM	110	Chemistry of Life, GE B14
COMM	101	Public Speaking, GE A13

ENGL	105	Composition and Rhetoric, GE A23
or			
ENGL	106	Composition and Rhetoric II-Service Learning, GE A23

Any General Education Category B3.....3				
<i>(BIOL 203 Preferred)</i>				
Completion of Critical Thinking Requirement, GE A3			3

Lower Division Major Requirements

--	--

SUMMARY OF CHANGES

Increase in NRS 391 by one unit to three units Decrease in NRS 210 by one unit to two units

JUSTIFICATION

Nursing curriculum committee input that students needed more transition practice and the even number of units in specialty courses NRS 222, 232 and 240 to 2 units each.
