

GE PLO 7. Evaluate issues and integrate ideas from multiple perspectives, including cultural, national and international, and disciplinary perspectives, and identify actions consistent with their own civic responsibility. Students will be able to:

GE SLO 7.3 Integrate content, ideas, and approaches from perspectives across disciplines

Dimension/criteria	Initial 1	Emerging 2	Developing 3	Highly Developed 4
Synthesis	Presents examples, facts, or theories and asks questions deriving from more than one field of study or perspective.	Connects examples, facts or theories from more than one field of study or perspective and asks questions that imply connective answers.	Independently connects examples, facts, or theories from more than one field of study or perspective.	Independently creates wholes out of multiple parts (synthesizes) or asks questions and draws conclusions by combining examples, facts, or theories from more than one field of study or perspective.
Transfer	Displays elementary application of skills, abilities, theories, or methodologies gained in one situation in a new situation.	Displays elementary application of skills, abilities, theories, or methodologies gained in one situation in a new situation, to contribute to understanding of problems or issues.	Adapts and applies skills, abilities, theories, or methodologies gained in one situation to new situations to solve problems or explore issues.	Independently adapts and applies, skills, abilities, theories, or methodologies gained in one situation to new situations to solve difficult problems or explore complex issues in original ways.
Experience	Identifies connections between life experiences and those academic texts and ideas perceived as similar and related to own interests.	Compares life experiences and academic knowledge to infer differences, as well as similarities, and acknowledges perspectives other than own.	Effectively selects and develops examples of life experiences, draw from a variety of contexts (family life, artistic participation, community engagement, academic field work, work experience) to illuminate concepts/theories/frameworks.	Meaningfully synthesizes connections among experiences outside of the formal classroom (including life experiences and academic experiences such as internships and travel abroad) to deepen understanding of fields of study and to broaden own points of view.
